Provide Quality Care at Your Home

APLUS UNITED HOME CARE LLC provides personal care assistance, homemaker and companion care services to seniors, elderly, mentally challenged and physically challenged adults. Through coordinated care and support for clients and their families, APLUS UNITED HOME CARE LLC enables individuals to remain in the safety and comfort of their own home environments for as long as possible. APLUS UNITED HOME CARE LLC also serves clients transitioning back home from an assisted living setting or from a hospital, nursing home or rehabilitation facility.

Services

Our companions and personal care assistants act as caregiver and friend when family members or loved ones can not be present. This enables family and friends to have peace of mind knowing that their loved one is getting the attention they deserve, the companionship they desire and the care they need to remain safe in their home.

Our caregivers and companions visit our clients in their homes as often as necessary. For short visits or 24 hours a day, they provide the emotional support, caregiver assistance, light housekeeping and companionship to help seniors, elderly, mentally and/or physically challenged adults function independently in their own home environments.

Our professional and dependable personal care assistants, homemakers, and companions are available for you or your loved one as long as necessary, 24-hours a day, 7 days a week. Should the need arise, our caregivers are also available to provide care in the patient's home or in a hospital or other facility.
